

CURED BY SWAMP-ROOT

Suffered With Inflammation—Catarrh of the Bladder and Weak Kidneys.

Hon. D. A. Montgomery's Interview With the Editor of the Nashville American.

HON. D. A. MONTGOMERY.

Mr. Montgomery, ex-Member of State Legislature, was recently interviewed by the Nashville, Tenn., American, regarding his cure by Swamp-Root, and made the following signed statement:

"My indisposition of Dr. Kilmer's Swamp-Root cannot be written strong enough. I had been greatly troubled with my kidneys and with what the doctors termed inflammation at the neck of the bladder. Was obliged to pass water very frequently day and night, often with smarting and burning. Sometimes my back would get so lame and sore that I was almost helpless. I tried several doctors and medicines to no good effect, when finally I heard that Dr. Kilmer would send a sample bottle of his kidney medicine, Swamp-Root, free by mail. I sent at once and received a sample bottle without delay. After trying the sample I concluded it was just the medicine I needed, and I purchased a liberal supply from my merchant and friend, Dr. E. J. Belzer. Today I am a well man, and can ride horse-back and drive with any of my friends. I cannot recommend Swamp-Root too highly for what it has done for me. You are at liberty to use this letter or refer anyone to me, and I will gladly tell them about my past troubles and what a wonderful remedy this Swamp-Root is. I am very glad to recommend it to others at every opportunity. Mr. James Irvine, of Sandersville, Tenn., and many others are taking it with good results.

Yours very truly,

D. A. Montgomery

Wortham, Sumner Co., Tenn., Nov. 11th.

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince anyone—and you may have a sample bottle sent free, by mail.

Sample Bottle of Swamp-Root Free By Mail.

EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root and a book telling all about Swamp-Root and containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in the Wichita Daily Eagle.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WHENCE IT CAME.

Lockridge Is Located at the Corner of Four Counties.

Guthrie, O. T., Nov. 10.—Lockridge, a new town on the St. Louis, El Reno and Western railroad, situated on the extreme southwestern part of Logan county, owes its name to a rather peculiar condition of affairs. The town is located where Canadian, Kingfisher, Logan and Oklahoma counties join each other; it evidently stands for Logan county; O for Oklahoma county; C for Canadian county, and K for Kingfisher county. The word "ridge" was then added to the peculiar combination.

Thirteen Hundred Bales of Cotton Shipped to Japan.

Mangum, O. T., Nov. 10.—Thirteen hundred bales of Greer county's cotton this year's crop, has been sold to the China-Japan Trading company and is to be shipped direct from Mangum to Yokohama, Japan. The shipment will require fifty-two cars as twenty-five bales is a car load. Gibson & Cullen, cotton buyers of this city, bought the cotton from Greer county farmers and sold it to the firm of Dodson and Williams, of Ardmore, I. T.

which firm had an order from the China-Japan Trading company for 1,300 bales of cotton and bought the Greer county product with which to fill the order. The cotton is now in the yards of Mangum awaiting shipment. It is to go by rail to Tacoma, Wash., and from there by steamer to Yokohama. Some cities would make a great advertisement of this. Arrangements would be made with the railroad companies to load and ship the whole thirteen hundred bales at one end and send them clear through to the Pacific seaport in solid trains of two and three sections with the cars all decorated with bannermen, etc., telling to the world as the trains passed by of the greatness of Greer county, but as it is the railroad company will take its time. Shipment of the other will be made in piecemeal—four or five cars at a time and no one outside will know where the cars are from nor even what they are loaded with.

TOOK FOUR PRISONERS. They Will Be Tried at Pawnee by Federal Court.

Guthrie, O. T., Nov. 10.—Deputy Marshal Dick Miller went to Pawnee today, taking with him four prisoners to be tried by the federal court now in session there. The United States court is always the heaviest in the territory, this being caused by the fact that the court there handles nearly all the cases of violation of the federal laws in the Indian reservations adjacent.

CHANCES GOOD FOR STATEHOOD

Ex-Governor Seay of Kingfisher Discusses Subject

NOW THE ACCEPTED TIME

Present Congress Must Do the Necessary Work

El Reno, O. T., Nov. 10.—Ex-Governor Seay of Kingfisher, who is in the city for a few days working in the interest of an organization for statehood for Oklahoma, said last night that he believed the chances for statehood to be much brighter than at any time in the past.

"Now is the accepted time to use the words of a Christian minister. If Oklahoma is ever to be admitted to the union as a separate state it must be at the coming session of congress, and the people all over the territory are beginning to realize this. Whether Democrat or Republican, people in all parts of Oklahoma who feel that Oklahoma is ready for statehood and should secure it at once, and not be held back for several years, and then be taken in with the Indian Territory, realize that something must be done at the coming session of congress and are willing to put their shoulders together and work for Oklahoma's undeniable right—statehood.

"Both in Oklahoma and in congress the sentiment was never stronger for statehood for Oklahoma alone. I believe that the chances for Oklahoma getting the enabling act for Oklahoma through congress at the regular session are bright, but this will not be due to him alone, but largely to a changed sentiment among the Republicans in congress and a strong organization back of him in Oklahoma. The Republican congressmen realize that Oklahoma must be taken in at the coming session or it will be held back for the Indian Territory, and instead of the Republicans breaking even when the territories are finally admitted, the Democrats will have another state with its two Democratic senators and a majority in both of the houses so that they can reduce most of the congressmen by a 'germynder' redistricting of the state.

"In Oklahoma, among the Republicans, there never has such unanimity, such harmony and far-sighted judgment as at the present time. Almost to a man the Republicans are for immediate statehood for Oklahoma, and not one is pulling back as there has been in the past. All we want is to be admitted to the union with the Indian Territory as a state, and realize that Oklahoma must be admitted at once. To be taken in with the Indian Territory means the loss to Oklahoma of a large part of her magnificent income from her school lands, sections 16 and 36 in each township. The revenue from the school lands would go to the states and the Indian Territory would receive none. Oklahoma's school lands would then be sold to the states and the revenue from the school lands would go to the states and the Indian Territory would receive none. The legislature dominated by Indian Territory would locate the buildings to be erected with this money. Another injustice to Oklahoma would be in the matter of taxation. It would be fifteen or twenty years until the Indians, exempted by congress, will come under taxation. This property, thus throwing the burden of taxation on Oklahoma.

"These and many other reasons make it impossible for the two territories to be taken in as one state, and the citizens of Oklahoma, realizing this, will work for statehood at the coming session of congress as they never have before. It is the plan now to let Delegate McGuire make the fight single-handed, but to effect a permanent organization and send a lobby to Washington. Myself and a number of Oklahomans have been in Guthrie this week for the purpose of making preliminary arrangements for the movement, and all with whom we have talked are ready to become active members of the organization and work for statehood for Oklahoma. With a hard working body in Oklahoma and many of the Republican members of congress realizing that Oklahoma should be admitted at the coming session, Oklahoma has excellent chances for securing statehood."

NUMBER OF ENTRIES.

Lawton Land Office Is a Remarkably Busy Place.

Lawton, O. T., Nov. 10.—The number of homestead entries made in the Lawton land office was 11,332 at 9 o'clock Friday morning. The original number of entries assigned this office after the opening in August, 1902, was 6,000. The difference of 5,332 shows the number of relinquishments made in this district. Something over 2,000 final proofs have been made. About 20 applications a month are filed and the average number of final proofs granted is about seven. Final proof offices are located at Snyder, Frederick, Chattanooga, Walter, Temple, Waurika, Mangum and Sterling.

The amount of money handled in the land office here exceeds \$100,000 each quarter. The number of entries is continually diminishing. A large majority of these filed, which have been principally on the ground of abandonment, have been dismissed for want of prosecution. A large number of mineral protests and contests have been filed and decisions have been made upon them.

CRUELTY TO ANIMALS.

Their Horses Balked and They Used Hiss Savagely.

Lawton, O. T., Nov. 10.—Carl and Otto Koerber, who live northwest of Sterling, were yesterday arrested and jailed on the charge of cruelty to animals. They were working in the field when one of the horses balked and no coaxing or whipping could persuade him to go. The men became very angry and unlatched him and throwing him down beat him severely. Then they set fire to his legs and burned them almost to a crisp, taking care that the rope was kept at the horse's head and that the fire would not get on his body. The poor horse died in pain a few hours later. It has been told today that these men also tied a rope to the horse's tongue, hitched a team to the other end of the rope and jerked the member from the horse's mouth.

ORE FOR DENVER.

Guthrie, O. T., Nov. 10.—At Roosevelt the ore of one lot has been loaded the past week left yesterday for Denver.

AN UNPLEASANT EXPERIENCE

Has it ever been your unhappy lot to be told by your physician that you must go to a hospital and submit to an operation? If so, you remember with what dread and shrinking you awaited the day when you must endure the knife.

The present day surgeon appears to be possessed by a mania for operating, especially in cases of hemorrhoids or piles, and while the greater number of the profession do not recommend this "last resort" unless they honestly believe it necessary, the fact remains that much needless operating is done, and the patient much expense and suffering for what?

To obtain a possible temporary relief, there words are used advisedly, because in nine cases out of ten the affliction returns and the patient is just where he started from. Oftentimes he could be cured much more simply and easily by the use of such a remedy as the Pyramid Pile Cure; this has come to be recognized as the best remedy on the market for the painful disease named, and the druggists now sell more of it than all other pile remedies combined.

The writer personally knows people who were afflicted with the worst form of bleeding and protruding piles, and who were permanently cured by the use of Pyramid Pile Cure. In every one of these cases the attending physician had assured the sufferer that only by an operation could he rid himself of the disease; so much for the infallibility of the doctors.

This remedy, which is sold by all druggists at the low price of fifty cents, is in a simple, easy-to-use form, is applied directly to the parts affected, and performs its work quietly and painlessly. The Pyramid Drug Co., Marshall, Mich., will mail free to any address a book telling all about piles or hemorrhoids, their cause and cure.

A suggestion is offered, that if the reader is afflicted, or knows anyone who is, the book be sent for, as it will be found invaluable.

where it will be treated. The car was decorated with flags and large signs on each side bearing the words, "Ore from the Wichita Mountains, Roosevelt, Oklahoma." Everyone is anxiously waiting to hear the results from this car of ore, which will be known in about two weeks.

As every citizen predicted, the vote for the water works on Wednesday was almost unanimous, there being only two votes against the proposition. Several parties are now figuring for the purchase of the bonds, and just as soon as they are sold the work on the system will begin. E. S. Perkins & Co., of this city, who drew the plans and specifications, were the lucky bidders, and we feel certain that every citizen will be satisfied with the job Mr. Perkins will do the city.

IN SUPREME COURT.

Appeal From Pottawatomie County Has Been Filed.

Guthrie, O. T., Nov. 10.—In the Oklahoma supreme court today there was filed an appeal from Pottawatomie county, entitled Peter Cassidy and J. McFadden vs. The Saline County bank, an Arkansas corporation, and a certain amount of the Pottawatomie county district court the bank secured a judgment against the plaintiffs in error, which the latter seek now to have reversed. The bank claimed that Cassidy and McFadden, as railroad contractors, in 1897-1900, constructed railroads in the state of Arkansas and overdraw their account at the bank, all of which has been repaid, however, \$2,647.77. The bank secured judgment for that amount. B. R. Blakeley is attorney for the bank, and T. G. Cutlip, Melvin Taylor and H. M. Armstrong for the plaintiffs in error.

SEEMS A FAKIR.

Works the Boys for Cash and Takes French Leave.

El Reno, O. T., Nov. 10.—Harry P. Wells, the young fellow who has been getting the young musicians of our city interested in hand work, skipped out with about \$100 of their good, hard cash and two or three valuable instruments. He sent away several instruments for the boys who were getting the instruments and asked for a certain amount of money, and the most of the boys dug up the money. He seems to be a fakir proper, as several other surrounding towns have had occasion to meet with the same grifter.

The boys met last night and decided to raise the amount for their instruments, which are now in the express office. They are also making an effort to trace the absconder.

OVERLOOKED SOME VALUES.

Entered a Jewelry Store, and Were Frightened Away.

Guthrie, O. T., Nov. 10.—Burglars entered the jewelry store of Mr. Stafford at Marshall, in this county, Saturday night and stole jewelry to the value of \$200. A great deal of valuable goods were overlooked, probably because the thieves were frightened away before they reached it. The goods taken consist of ladies' neck chains, gent's fob chains, cuff buttons, emerald pins, etc. The reason a more valuable haul was not made is that Mr. Stafford keeps the valuable jewelry locked up in the safe over night. Entrance to the establishment was effected by removing a pane of glass from the front door. There are no clues to the thieves.

To Deliver an Address.

Guthrie, O. T., Nov. 10.—Territorial Auditor Baxter has received an invitation from J. O. Thomas of the Salt Fork Valley Farmers' Institute, to deliver the annual address before that body on December 2, at Tonkawa. In the past the annual addresses have been delivered by A. C. Scott, president of the A. & M. College; D. R. Boyd, president of the University, and F. H. Umbreit, president of the Edmond Normal.

Colored Boy Stabbed. Guthrie, O. T., Nov. 10.—Quincy Jones, colored, was stabbed in the right lung last night by Charles Devereaux, also colored. They had quarreled, when suddenly Devereaux drew a knife and stabbed his antagonist. The wounds may prove fatal. Devereaux escaped.

In Supreme Court. Guthrie, O. T., Nov. 10.—There was filed today in the Oklahoma supreme court the case of Sarah B. Strickland vs. Elmer Gilchrist, from the district court of Garfield county. In the lower court Elmer Gilchrist secured a judgment against the defendant for \$1,500 on promissory notes.

Regulation Is Honored.

Guthrie, O. T., Nov. 10.—Governor T. B. Fergusson today honored a regulation issued by Governor W. J. Bailey of Kansas, for the return to Elk county, Kansas, of J. W. Metcalf, charged there with stealing and carrying away certain records of the district court of that county. Sheriff A. J. Mattox was here with the papers. The alleged records stolen were evidence and depositions in a pending court case.

TO VISIT FRIENDS. Governor and Mrs. Ferguson Have Gone to Oklahoma City.

Guthrie, O. T., Nov. 10.—Governor and Mrs. T. B. Ferguson left last night for Oklahoma City to visit friends. The governor will be only briefly at his office for the next week, as he goes to Alva the middle of the week to address the students at the Northwestern Normal school, and in company with Mrs. Ferguson, will leave Friday for St. Louis, Mo., to take part in the dedication of the Oklahoma state fair building.

NEW MEXICO'S CAR. Exhibit Is Sidetracked and People Flock to See It.

Guthrie, O. T., Nov. 10.—New Mexico's exhibit car, filled with products of the soil and showing the resources of the Pecos valley, was sidetracked in the city yesterday on the Santa Fe for several hours and attracted many of the townspeople. The car contained many fine exhibits—33 varieties of apples, 23 of pears, 12 of plums, 3 of grapes, figs and prunes. Fifty-four of the pears weighed 64 pounds. It also carried corn cobs measuring 18 feet and watermelons weighing 30 pounds. The car started from Roswell, N. M., two months ago and has since been in the eastern states. The products were all grown by irrigation.

JURY INDIGTS LUMBER MEN

Fifteen Dealers Accused of Entering a Combine.

RESTRICTION OF TRADE

Eleven Are Residents and Four Are Agents.

Oklahoma City, O. T., Nov. 10.—The territorial grand jury today returned indictments against fifteen lumber dealers doing business in this city, charging them with being in a combination to restrict trade, in violation of the Oklahoma anti-trust law. Eleven of the indicted are residents, while four are officials of lumber corporations having headquarters elsewhere and doing business here.

Guthrie, O. T., Nov. 10.—The grand juries of the various counties of Oklahoma are going after violators of the anti-trust law of the territory, and many indictments are being returned.

The recent grand jury for Kay county indicted lumbermen at Newkirk, Ponca City and Blackwell for entering into combinations in restraint of competition, and now comes the grand jury for Oklahoma county and proceeds to investigate an alleged lumber trust in Oklahoma City, and when O. C. Gilbert, an employee of the Lloyd Lumber company there, refused to answer questions concerning the company's business, Judge Burwell promptly committed him to the county jail for contempt of court. Ben B. Thornton, a local dealer, also thought he could not afford to answer the questions propounded to him by the grand jury, but when he had a heart to heart talk with the judge he thought again and concluded to answer the questions propounded to him.

Late Saturday night attorneys for Gilbert appeared before Judge Burwell and asked the conditions upon which their client could be released. The judge told them that Gilbert must answer every question he was asked, unless such answers would incriminate himself. The attorneys promised this should be done, and the judge gave orders for the prisoner's release.

WILL DEDICATE

OKLAHOMA'S BUILDING READY FOR THE CEREMONY.

Governor Ferguson and Others Will Be at St. Louis Monday.

Guthrie, O. T., Nov. 10.—In St. Louis, next Monday, November 16, will occur the dedication of Oklahoma's building at the Louisiana Exposition grounds, the first state building to be dedicated. The Oklahoma fair commission—Fred L. Wrenner, Joseph Meiburner and Otto Shuttlesworth—leave today for St. Louis for that occasion. Governor and Mrs. Ferguson will leave for that city Friday, and on the following day the members of the territorial board of education will go to St. Louis. The dedication exercises are to be brief and informal. Addresses will be made by Governor Tom Ferguson and President D. R. Francis, of the exposition management. As a close to the exercises the American flag will be raised over the building, where it will do duty until the close of the exposition, one year from now. In the fine field of the flag will be left a vacant place for the addition of Oklahoma, should this territory be admitted into the union in the meantime. Secretary Wrenner has the flag in readiness, showing the place for the next star.

TERITORIAL CHARTERS GRANTED.

Guthrie, O. T., Nov. 10.—Territorial charters were granted today as follows: The Wise-Moist Coal and Lumber company of Oklahoma City, with a capital stock of \$10,000. The incorporators are C. F. and D. C. Wise of Ogden, Mo., and E. E. Moist of Oklahoma City. The Saline-Lumbermen, Morenci company of Morenci, with \$25,000 capital stock. The incorporators are A. E. Stinson, H. A. Lumberman and A. E. Kobs of Mountain View, and A. J. Dunlap of Hobart.

The Transit Land and Improvement company of Norman, with \$3,000 capital stock. The incorporators are D. L. Larsh, C. A. Herrington and W. F. Esch of Norman, L. O. Warner of Shawnee, Thomas McColligan of Tucuman and W. M. Nickel of Morenci.

Posee Had a Fight.

Guthrie, O. T., Nov. 10.—At Warsaw, Lincoln county, Marshal W. A. Keys and a posse had a fight with an unknown man, and in the battle, the stranger was fatally wounded. He is supposed to be a member of a gang of horse-thieves that has been working in that neighborhood, and the United States marshal's office has been notified to see if he can be identified.

ARRESTS ESCAPED CONVICT.

Deputy Frank Grayson Catches a Prisoner at Colvin.

Guthrie, O. T., Nov. 10.—Deputy Frank Grayson arrested T. O. Hood, alias B. Rogers, at Colvin, I. T., Saturday. Hood is an escaped convict from the Texas convict farm, where he escaped in 1900 while under sentence of three years for forgery. Hood had married in Colvin, and it was while his wife was visiting her parents and he was hatching that he was arrested. In conversation with a reporter he said:

"My first advice to all men is, don't do anything that will put you behind the prison bars, and if you ever do and are caught, never attempt to escape. I have not had a single moment's peace since I escaped. I have seen doctors and been in my sleep every night and have worried until I am a nervous wreck. I escaped from the farm by taking a horse and riding a short distance and then walking, and in this way I fooled the hounds. I don't care so much for myself, but it breaks my heart to think of the terrible blow this will be to my poor wife. She has nothing about my being a convict and it will kill her. I am willing to go back and serve out my time, and you bet, when I come out I will be a different man."

Hood accompanied the deputy back to Texas without resistance.
